

## VI. Renewing a Career Development Award

All career development awards may be renewed annually for up to three years of total support. To be considered for a second or third year of funding, you must complete and submit a renewal application package. Approval of your renewal application is dependent upon availability of funds, evidence of significant progress on the research project, continued commitment to career development, and the pursuit of additional funding. Please note, research award recipients may not simultaneously hold a DF career development award and a grant. As a result, current CDA recipients applying for a second or third year of funding cannot also apply for a DF grant.
